

# 2021 SURVIVING AND THRIVING!

Due to the continuing and fluctuating CoVid pandemic the 2021 season invited challenges to which Allied responded in our hallmark form of adept adaptation and creative coalition. Programming proceeded with social distancing, Zoom and hybrid presentations and when conditions permitted in LIVE attendance! For the first time in [ ] years the LPV season did not open with a live LPV Beltane celebration. Following the lead that LPV took in hosting the annual gathering outside of traditional faery sanctuary the 2021 NYC Beltane was observed for the first time at Brooklyn's Prospect Park, LPV representing in full form. Other developments included Allied's participation in the 8Ball Printed Matter St Marks Spring Zine Street Fair (June 12, 2021) as advisors to partnering with public gardens. We were saddened to see the passing of our dear friend Charles Lum AKA Clublum
